

Team Christ the Shepherd Lutheran, November 2012

Just a note to express my sincere thanks for such a wonderful week in Guatemala with Porch de Salomon. It has been a life-renewing experience for me and I feel so blessed to have been a part of the CTS adult team.

I am so touched by the ministry that you do and the way that you do it. I believe that you have it "just-right" in your balance of messiness and orderliness. I was most impressed by the many, many relationships that you have developed in and around Pana, as well as all those you are helping in one way or another, including people like Edwin and the girl with epilepsy. I was truly blessed by interactions with your local volunteers and team
